

### Remarks

Claims 1-30 stand objected to and are rejected under 35 U.S.C. §112, first paragraph with respect to written description. The Applicants respectfully submit that the rejections are now moot in view of the cancellation of Claims 26-30 and the amendment of Claims 1, 7, 8, 14 and 20 (the independent claims) to recite "94% to 98%." As acknowledged in the objection and the rejection, the Specification shows a multiplicity of examples having a lower limit of 94% and an upper limit of 98%. There are various examples in between that range. The Applicants therefore respectfully submit that the Specification fully supports the new claimed range of "94% to 98%." Withdrawal of both the objection and the rejection is respectfully requested.

In light of the foregoing, the Applicants respectfully submit that the entire application is now in condition for allowance, which is respectfully requested.

Respectfully submitted,
